Commissioner for Patents  
 P.O. Box 1450  
 Alexandria, VA 22313-1450

Dear Sir:

Enclosed for filing in the above-identified application is an Information Disclosure Statement (IDS) by Applicants (PTO/SB/08 equivalent) listing twenty-eight (28) references to be considered by the Examiner.

This Information Disclosure Statement is further to the Information Disclosure Statement filed by Applicants on April 15, 2005, in which Applicants informed the Patent Office of the Permlight v. Gelcore litigation, in which the Permlight Products, Inc., the assignee of the above-identified application, filed suit against Gelcore, LLC alleging infringement of U.S. Patent Nos. 6,578,986 (the '986 patent) and 6,846,093 (the '093 patent), from which the present application claims priority. This lawsuit has been settled and dismissed. However, Applicants wish to make the Office aware of certain aspects of the proceedings.

In response to interrogatories propounded by Permlight, Gelcore contended that the patent claims are invalid. Further, in its response Gelcore identified 33 references which it felt may support its contention. A copy of Gelcore's response, as well as a listing of all of the references identified by Gelcore (except those already submitted to the Patent Office) and another recently-discovered reference is included, along with copies of the references that are not U.S. patents.
